TM-495 KING SIZE TOOL SET

3 handcrafted maple tools perfect for making large pots and sculpture. Ship. wt. 1/2 lb.

- Trimmer - 11 1/2" x 1 1/4"
- Oval - 6" x 4 1/2"
- Corner - 6" x 4 1/2"

TM-433 SCULPTOR'S UTILITY PAIL

The 10 tools recommended by ceramic instructors for beginning sculptors. Packaged in a 5 quart, plastic utility pail with lid are: KSP-4 7" ribbon tool, K21 lace tool, F97 fettling knife, K35 wire clay cutter, JA6 wood modeling tool, WT21 wood modeling tool, S10 steel scraper, FRH finish rubber, round and oval hydra sponges. Ship. wt. 1 lb.

TM-434 POTTER'S UTILITY PAIL

The 11 tools recommended by ceramic instructors for beginning potters. Packaged in a 5 quart, plastic utility pail with lid are: oval hydra sponge, silk-type hydra sponge, WT-6 wood knife, LT-5 loop (trimming) tool, FRH large hard rubber rib, pro needle tool, K-35 wire clay cutter, RB-2 wooden rib, S-4 steel scraper, F-97 hard fettling knife, R-2 ribbon tool. Ship. wt. 1 lb.

TM-484 THE GRABBER PAD

This revolutionary trimming tool holds a pot in place and resists sliding and skidding no matter if the piece is wet or dry. It comes attached to a plastic bat which will fit onto the standard pins of recent models of all major brands of pottery wheels. Ship. wt. 1 1/2 lb.

TM-484-12 12" Grabber Pad

TM-484-14 14" Grabber Pad

TM-501 GIFFIN GRIP

This device is ideal for potters who need a rapid centering device as a timesaver. The Giffin Grip quickly centers leatherhard pieces for normal trimming. Ship. wt. 7 lbs.

TM-493 LID MASTER CALIPERS

Take the guesswork out of sizing lids for your pots. One tool is all you need. Simply insert the narrow end of Lid Master into the pot and the wide end automatically becomes a sizing guide. Use it to create perfect fitting lids quickly and efficiently every time. Ship. wt. 1 lb.

Standard 0" - 11 1/2" lids
Large 0" - 16 1/2" lids

TM-492 SHRINK RULE

By measuring your wet piece with the expanded scales on this 12" ruler, you can tell what your piece will measure once it is through the bisque or glaze firing. There are four shrinkage rates on each rule, 6%, 10%, 12% and 14%. Ship. wt. 1/4 lb.

TM-485 ROLLING PINS

These rolling pins are made of selected kiln dried, solid hard maple, sanded and finished by hand with mineral oil to a satin finish, with no plastic or metal parts to rust or wear out. Length specified is roller length.

TM-485-18
11" long, 3" thick Ship. wt. 2 lbs.

TM-500 FRENCH ROLLER

Hardwood french roller for smoothing rounded surfaces. 22 1/2" in length. Ship. wt. 1 lb.

TM-486 MINI ROLLER

This mini roller is made of solid hardwood and perfect for flattening small areas, creating textures, rolling out small pieces of clay, fanning out strips and refining difficult areas. Roller. 1.2"x1", 5 1/2" overall. Ship. wt. 1/4 lb.

TM-487 PONY ROLLER

Two solid hardwood rollers, 4"x 1 5/8" and 2"x 1 5/8" joined with a heavy duty, welded joints, chromed steel frame. Perfect for making ultra thin slabs, spreading out clay, creating textures, flattening clay, refining shapes, smoothing surfaces, applying clay to the surface of a shape. Ship. wt. 1/2 lb.

TM-488 WOOD PADDLE

This paddle is strong and lightweight, used for shaping clay and made of birch hardwood. 12" long, 4" wide and 3/20" thick. Ship. wt. 1/2 lb.

TM-489 ROPE TEXTURE PADDLE

This paddle is used for texturing patterns, compressing clay, removing air and shaping clay forms. Made of birch hardwood, 12" long, 2" wide, 3/20" thick. Ship. wt. 1/2 lb.

TM-490 ADJUSTABLE CLAY SLICER \$5.85

A heavy duty adjustable slicer for controlled cutting of very thin to 1/2" slivers. 5 1/2" long, 4 1/2" wide. Ship. wt. 1/2 lb.

TM-494 TRIANGULAR COMB

This scraping and texturing tool provides three different size comb tooth patterns. 4" on each side. Ship. wt. 1/4 lb.

TM-496 SQUEEGEE

This multi-purpose plastic tool is used for scraping, flattening, spreading and texturing clay. 2 3/4" x 3 3/4" x 1/4" tapered. Ship. wt. 1/4 lb.

TM-640 SLIP TRAILER

If you have ever attended a Steven Hill workshop (and if you haven't, you should!) you know how versatile and handy this tool can be. The perfect size for slip trailing on all sizes and types of pottery.

TM-497 FLEXIBLE HAND TRIMMERS

This solid, smooth surface, stainless steel flexible hand trimmer is 4" long.

Set of 3

TM-499 STAINLESS STEEL WHIPS

The classic design of these wire whips helps prevent lumps from forming when mixing glazes. Made of 18/8 stainless steel, fully soldered. The 24" whip has thicker wires than the 10". Ship. wt. 1/2 lb.

TM-499-10 10"
TM-499-24 24"

IP-252 GROOVE KNIFE

This knife has been designed to cut open a flexible mold in such a way that a groove is formed for locking the mold back into position for casting.

IP-252A Extra Blade

TM-482 SURFORM® FILE

For use on plaster molds and refractory soft bricks. Metal alloy body with high impact resistant black molded handle. Ribbed section on front of body permits comfortable two-handed use of tool. Regular cut flat blade with edge cut for inside corners. 15 3/4" L, 1 3/8" W.

TM-482B Replacement Blade

TM-483 SURFORM ROUND FILE

For use on plaster molds. Enlarges holes fast, forms and shapes decorative cuts. Black finish hardwood handle. Round, regular cut hardened steel blade is 5/8" in diameter and 14 1/4" long.

TM-483B Replacement Blade

DOLAN PRECISION TOOLS

These heavy duty, high quality tools are handmade and made to last. Cutting edges are constructed of high carbon knife steel and permanently bonded with industrial strength adhesive in hardwood handles that have been oil/resin soaked to seal them against moisture. Brass ferrules.

TRIM TOOLS

The cutting edge of these blades is approximately 1 1/4" and has a tapered tang to allow easy access in hard to reach places. Great for wheel work, slab or hand building.

-  **TM-506** Square Blade D-110
-  **TM-507** Rounded Blade D-130
-  **TM-508** Curved Arrow Blade D-140
-  **TM-509** Blunt-end Arrow Blade D-150

SCULPTING TOOLS AND MINI TOOLS

These small, tough tools are designed for modeling and wheel work, particularly well suited for finely detailed pieces.

-  **TM-512** Round Loop S-10
-  **TM-513** Flat Loop S-50
-  **TM-514** Oblong Loop S-80

TM-347-30	57.5oz.	10 1/2" x 5 1/2"	1 1/2 lb.	

TM-657 FLUTING TOOL

This 7" stainless fluting tool is perfect for carving flutes or scallops with precise control in leather-hard clay. "Wings" on each side of the tool's cutting ends ensure consistent and even clay design with every stroke.

GLAZING & DIPPING TONGS

Dip 20" platters, large bowls and pots more easily and securely than ever before. These remarkable glazing tongs are constructed from plated steel and allow your work to be held securely while being passed through glaze in a single smooth motion resulting in even and consistent glazing. The "blade" of the tongs touching the plate is extremely thin, resulting in minimal or often no glaze touch-up. The dipping tongs, also sturdily built of plated steel, use four juxtaposed steel points to firmly grip large and medium bisque fired bowls, cups and vases for secure and uniform dipping. As with the plate tongs, the point of contact with the pottery is so minimal as to virtually eliminate glaze touch-up.

-  **TM-630** Plate Tongs (up to 12" plate) 20" long Ship. wt. 4 lbs.
-  **TM-631** Platter Tongs (up to 20" platter) 27" long Ship. wt. 4 lbs.
-  **TM-632** Dipping Tongs 17" long Ship. wt. 4 lbs.

RAKU TONGS

High quality, heavy-duty steel construction highlights both our "long-reach" 51-inch and 35" standard-reach, Raku tongs. Comfortable tubular steel handles and zinc plating for rust resistance will make these tongs valuable Raku allies for years! Oversize rate for UPS shipments.

-  **TM-635L** Long-reach 51" Ship. wt. 5 lbs.
-  **TM-635S** Standard-reach 35" Ship. wt. 4 lbs.

TM-511 PORTION MASTER CLAY CUTTER

This adjustable clay cutter is simple to use; just grasp with both hands and slide into position, pull or push through clay. Overall size 9" W x 6" H, usable cut width 7". Ship. wt. 1/2 lb.

TM-511R Replacement Cable

TM-663 SHERRILL MUDCUTTER

The Mudcutter is great for any cutting or slicing task you can imagine - on a wheel, hand building, cutting facets, anything! It's designed to go around a 4 inch pug; it's made of stainless steel with a replaceable stainless, surgical wire and a handle that allows the tool to be left in a bucket of water for weeks (years?) without deterioration. This is a "lifetime tool" you shouldn't be without.

Ship. wt. 1/2 lb.

TM-663R Replacement wires (3)

Ship. wt. 1/4 lb.

BRUSHES

These quality brushes have been selected to meet the decorating needs of artists who create two and three dimensional art. They range from the tiny sable feature brush to the broad dog hair hake brush. Each type is offered in a variety of sizes. Discount on EB Brushes: 12 each (any combination), less 20%.

CLEANING ACCESSORIES

TM-491 No. 74 SCRUBBING SPONGE

This cellulose sponge has a fine scrubber laminated to one side. It is used for cleaning greenware and general studio clean-up.
Size 6 1/4" x 3 1/2" x 5/8"

Box of 10

TM-327 SCOTCH BRITE CLEANING PAD

These durable plastic wool pads are ideal for cleaning greenware. Pads measure 6" x 9" x 1/4"

Ship. wt. 1/2 lb.

Ship. wt. 3 lb. Box of 20 pads

SURS RUBBER SCRUBBERS

The Rubber Scrubber is especially popular for smoothing and clean up. 3" square, 1/2" thick soft rubber sponge coated on one side with flexible abrasive for ceramics, pottery and porcelain.

Specify grit: 220, 100, 80, 60 or 40.

RUBBING STONES

These blocks are made of fine, hard abrasive material. They are excellent for grinding glaze runs and rough spots on both glazes and bisque ware. Available in single blocks. Ship. wt. 1/2 lb.

FS-304 Rubbing Stone

1" x 2" x 2 1/2"

FS-305 Aloxite Stone

3/4" x 2" x 4"

FS-308 STILT MARK STONES

After firing, remove unsightly stilt marks with these aloxite rubbing stones. In seconds, you can gently and easily remove stilt marks with these slender 4" long bars. Ship. wt. 1/2 lb. per dozen.

POT BOTTOM GRINDING DISCS

A traditional problem in the merchandising of functional stoneware pieces is rough bottom surfaces that scratch tabletops and furniture. Now you can quickly grind fired stoneware bottom surfaces with the use of silicon carbide discs that utilize your potter's wheel as the power source. The 12" discs have a peel-off adhesive backing. You affix the disc to any 12" bat which is then attached to the wheelhead. Grinding is done at the fastest wheelhead speed and will take only about 10 seconds to smooth a coffee cup.

TM-3023 50 grit disc Ship. wt. 1/4 lb.

TM-3024 80 grit disc Ship. wt. 1/4 lb.

SPONGES

SYNTHETIC SPONGES

SILK-TYPE HYDRA SPONGES (A)

An inexpensive substitute for natural sponges. They are polyester based sponges which have good absorption and are uniform in size.

		EACH	DOZEN
TM-436	2 1/2" dia. 1/2" thick (single)		
TM-437	2 1/2" dia. 1" thick (double)		
TM-438	3" dia. 3/4" thick (single)		

GENERAL PURPOSE HYDRA SPONGES (B)

These sponges are ideal for finishing and general shop clean-up use.

		EACH	DOZEN
TM-439	Small 5 3/4" x 3 1/4" x 1 3/4"		
TM-440	Medium 6" x 4" x 2"		
TM-441	Large 6 1/2" x 4 1/2" x 2 1/4"		
TM-442	Ex. Large 7" x 5" x 2 1/2"		
TM-443	Oval 5 1/2" x 4 1/4" x 1 1/8"		
TM-444	Copal #401 6 1/8" x 4 1/2" x 2"		

SUGAR LOAF SPONGES (C)

These sponges are environmentally safe and made of a synthetic foamed plastic with exceptional softness, strength and water capacity.

		EACH	DOZEN
TM-447S	Small Elephant Ear 2" x 2 1/2"		
TM-447M	Medium Elephant Ear 3" x 3 1/2"		
TM-447L	Large Elephant Ear 4" x 4 1/2"		
TM-448S	Small Block 5" x 3 1/2" x 3/4"		
TM-448L	Large Block 4" x 3 1/2" x 1 1/4"		
TM-449ST	Chamois Strip 1 1/16" x 1 1/2" x 7 1/2"		
TM-4499	Stick Sponge 1 1/4" x 1 3/4", 12" Stick		

NATURAL SEA SPONGES (D)

TM-471 ROCK ISLAND SPONGE

This is a natural "sea wool" sponge which has high absorption. Its large size makes it good for general purpose work and clean-up. It is approximately 4"-5" in diameter; however since it is a natural product, size may vary.

TM-474 SILK SPONGE

A fine grained natural sea sponge for final smoothing and cleaning ceramic pieces. Approximately 1 1/2"-2".

ELEPHANT EAR SPONGES

These fine grained, flat sea sponges are preferred for wheel work and smoothing pots.

TM-473 SMALL (Approx. 1"-2")

TM-472 LARGE (Approx. 3"-4")

BATS

PLASTIC, PLASTER AND MASONITE BATS

Bats are a convenient means to remove finished pots from the wheelhead, lessening the risk of distorting them. The bat and pot are easily picked up and set aside to dry, allowing the potter to continue working on the wheel. Bats are attached to the wheelhead by the use of a pancake of clay or by fitting the pre-drilled holes over bat pins that are attached to the wheelhead.

PLASTIC BATS

Revolutionary injection molded bats can't warp; pin holes can't enlarge; will never wear out. Pin holes don't come through to the throwing surface so pot bottoms won't be marked. "Easy lift rim" makes it easy to get your fingers under the edge for easy removal. Adapts to both 9" and 10" center-to-center pin systems, and a unique design allows a perfect fit without jamming for all wheels which use these systems with 3/8" diameter pins. No expensive adapter plate required!

		EACH	DOZEN
TM-3019	7 1/2" Square		
TM-3020	12" Diameter		
TM-3021	14" Diameter		

BAT PINS WITH WING NUTS

Bat pins can be installed on most wheelheads used for throwing. Sold in pairs. Ship. wt. 1/4 lb.

TM-3022	Specify universal - 3/8" head x 1" length or Brent - 3/8" head x 1 1/4" length
TM-3022S	Shimpo - 10mm head x 3/4" length

APRONS

These heavy duty, extra long aprons feature nylon ties with "Adjusta-Grip" buckles on neck and waist. Ship. wt. 1 lb. each.

MY-103 Brown vinyl, 32 oz. flame retardant material with impregnated jersey backing. 26" x 37"

Blue denim aprons are preshrunk and have self neck band and ties. Ship. wt. 1 lb. each.

MY-108 Features one bottom pocket; pencil pocket and micro pocket on bib. 27 1/2" x 38"

MY-109 Split leg design. No pockets. 27" x 41"

PLASTI-BATS

Developed for continuous usage, these bats will not splinter, delaminate, swell or shrink. Plasti-Bat is a non-absorbent, positive adherence surface and clay does not slide or turn loose while centering.

		EACH	DOZEN
TM-3030	8" without holes		
TM-3031	10"		
TM-3032	12"		
TM-3033	14"		
TM-3034	16"		
TM-3035	18"		
TM-3036	20"		
<hr/>			
TM-3032H	12" with holes		
TM-3033H	14"		
TM-3034H	16"		
TM-3035H	18"		
TM-3036H	20"		

LCC PLASTER BATS

These bats are made with top quality plaster for a combination of good water absorption and wear resistance. Excellent for use on the potter's wheel and as a base for coil building or sculpture pieces. Attach with a clay pancake. They are perfectly round and 1" thick.

TM-343	8"	Ship. wt. 2 lb.
